On behalf of the Hillarys Independent Primary School Board, I would like to thank everyone who participated in our recent consultation process aimed at developing a new Vision, Mission and set of Values for our School Community. After careful deliberation, The HPS Board voted unanimously to support the attached Vision, Mission and Values, and feel they represent the unique nature of our school community and provide a guide for the future growth of our school.

The Vision, Mission and Values will be used to guide development of an updated Business Plan for the school that is currently being revised as part of the mandated three-year planning cycle for independent schools in WA. With the new Vision, Mission and Values now adopted, the Board will now focus on development of an updated School Business Plan for 2018-2021, expected to be complete by the end of Term 1, 2018.

The Board would like to recognise the efforts of Andrew Watt from Creating Communities for his insights and expertise upon which we relied heavily throughout this process. We would also like to offer special thanks to all the Staff and Parents who participated in the process and gave their time and input into the development of the new Vision, Mission and Values. As we begin the process of updating our School Business Plan, we look forward to connecting with you as we build upon the many strengths of our School.

Sincerely,

Tara Hannent

Hillarys Independent Primary School Board Chair
