## PARENT CORNER NEWS

Now Open!! Come in on Friday mornings after drop off to relax and have a cuppa with friends and browse the parenting book selection. A Kids Matter team member is also there for a chat or any questions. On Tuesday mornings from 8.45-9.20 Hillarys Primary Chaplain, Vanessa Nichols is there to chat with parents and get to know our community, so stop in and say hello. If you're looking for space to have a school related meeting, check the schedule inside the room for availability.

### Parent Corner feedback:

*Thank you for creating a lovely quiet space. I sat for ½ hr. this afternoon with my son & we read some of the emotion stories together. We really connected and had quite in depth conversations about anger, happiness & sadness, something I don't think we really would have ever stopped & had this kind of discussion. So thank you.*

This is your space, we hope you enjoy it!

## KIDS MATTER

School staff has completed professional development in the first three components of Kids Matter, A Positive School Community, Social and Emotional Learning and Parents and Carers. Our current professional development focus is on Understanding and Responding to Mental Health Difficulties. Identification and referral processes for those students requiring extra support will be implemented.

### Suggestions for supporting children's mental health

- Build and maintain supportive relationships between family, friends and school staff.
- Help children understand and manage their feelings, as this can help them develop coping skills.
- Help children to understand that stress, loss and grief are a normal part of life.
- Try to maintain routines as much as possible. Routines and consistency in life help children feel secure.
- Acknowledge children's feelings and try to understand and respect them, especially when they are going through a difficult time.
- Listen to the concerns of children, without judgement and help them work through their problems. Listen and show empathy about things affecting them, such as bullying
- Support the development of children's skills, such as their ability to manage their emotions, relate to others or solve problems.
