

Voluntary Contributions and Charges 2024

Connected • Engaged • Successful

Dear Parents/Carers

Financial support provided by families through voluntary contributions and charges plays a critical role in maintaining quality teaching and learning programs and enabling the provision of an enriched curriculum and enhanced learning experiences for students.

Parents, who contribute financially to the school through the voluntary contributions, assist in the maintenance of educational resources at a level needed to meet children's needs in a constantly changing educational environment. Key areas such as literacy, numeracy, science and information technology are enhanced through the voluntary contributions. If all families pay the requested contribution per child, this equates to approximately \$35000 of funding per year.

Hillarys Primary School Board has endorsed the following schedule of Voluntary Contributions and Charges for 2024. We hope all families see the importance of paying the contribution and supporting our students' learning programs in 2024.
