

Positive Behaviour POLICY and PROCEDURES

2022-2023

Connected • Engaged • Successful

RATIONALE

Hillarys Primary School is committed to providing a supportive environment for all members of the school community. Using the Zones of Regulation, staff and students will be able to recognise that everyone has the right to feel valued and safe. Hillarys will focus on being culturally responsive and inclusive while implementing positive behaviour support, restorative practices, and whole school approaches. Additionally, in fostering engagement with all students, students with diverse and complex needs are provided with an intensive, multi-tiered system of support (MTSS) and intervention, which may include a documented plan.

[Student Behaviour Policy in Public Schools Version 3.0](#)

HILLARYS CODE OF POSITIVE BEHAVIOUR

Every member of our school community is expected to:

- establish and build positive connections with others
- develop empathy for others and understand relationships
- recognise and regulate their own emotions
- make responsible decisions
- work effectively with others
- cope with challenging situations constructively.

RESTORATIVE APPROACHES

Restorative approaches are a way of thinking and interacting that puts relationships at the centre of all actions and decisions. Restorative approaches are empathetic, responsive to need, view conflicts as opportunities to learn and grow, and build accountability for actions and processes to repair harm.

ROLES AND RESPONSIBILITIES OF TEACHERS

Our teachers have a Duty of Care to provide a safe, supportive learning environment, and are responsible for:

- adhering to the Hillarys Code of Behaviour
- participating in the development and implementation of the Positive Behaviour Policy and Procedures
- teaching of expected behaviour using the Zones of Regulation program
- establishing classroom expectations and environments that are consistent with our school policy
- fostering good student relationships and a positive classroom atmosphere
- delivering an inclusive, engaging learning program
- informing parents of behaviour policy and procedures
- revising this policy as required

Positive Behaviour POLICY and PROCEDURES

2022-2023

Connected • Engaged • Successful

MOBILE DEVICES

The Department of Education does not permit:

- use of mobile phones, smart watches or other personal communication devices in public schools unless for medical or teacher-directed educational purpose
- mobile phones to be on and must be “off and away all day” and smart watches must be set to aeroplane mode
- phone contact between parents and their children, this must occur through the office

Refer to [DoE Student Mobile Phones](#) in Public Schools Policy for more information

RESOLVING CONFLICT

The staff use a restorative practices process that involves a series of questions that addresses the conflict between all parties. It provides an opportunity for students to participate in procedural fairness, take responsibility for their actions, and participate in a restorative approach that resolves the issue respectfully. Reflection sheets provide a clear standard of behaviour and a process for students to follow.

CONSEQUENCES AND SANCTIONS FOR UNEXPECTED BEHAVIOUR

The Use of Consequences

Hillarys Primary School is committed to maintaining a positive school environment with high expectations for student behaviour. Instances of unexpected behaviour are opportunities to learn, and practise expected behaviour. Appropriate management should be applied when students demonstrate unexpected behaviours.

Tier 1 and Tier 2: All staff will provide students with consistent, clear expectations of behaviour, and how unexpected behaviour will be managed. This process is to allow students to refocus and modify their behaviour through self-reflection, goal setting, and counselling.

Tier 3: Case management and MTSS are put in place for students complex needs and/or disability.

Positive Behaviour POLICY and PROCEDURES

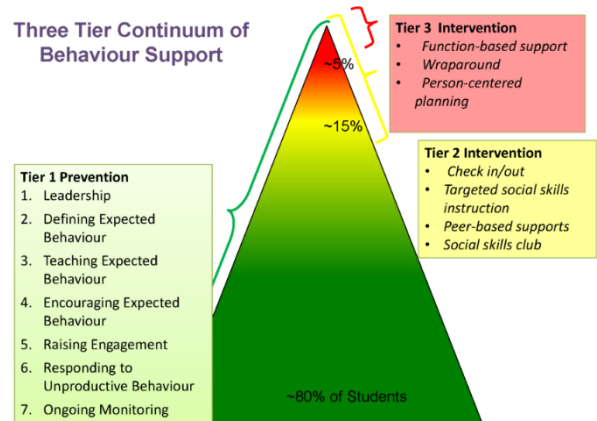

2022-2023

Connected • Engaged • Successful

Tier 3 Intervention	Intensive practices and systems for students whose behaviours have been documented as not responsive at Tiers 1 and 2. Individualised to the specific needs and strengths of the student., particularly those with complex needs and documented plans.
Tier 2 Intervention	Specialised practices and systems for students whose behaviours have been documented as not responsive at Tier 1. Generally provided in a standardised manner in small student groupings.
Tier 1 Prevention	Practices and systems for all students and staff implemented across all school settings.

Three Tier Continuum of Behaviour Support

See appendix for larger image

Classroom Focus

The classroom teacher/specialist teacher assumes the responsibility of behaviour management in the classroom with the support of Administration when required. Explicit teaching of expected behaviours and routines provide all students with an understanding of appropriate, positive behaviour expectations and the management of unexpected behaviours. Staff should refer to Zones of Regulation Scope and Sequence for teaching points. Students with complex needs will be supported in the classroom according to their documented plans, which support inclusion and collaboration.

Playground Focus

Playground behaviour management is the responsibility of all staff who assume Duty of Care, including Teaching Assistants. It covers the periods before school, at recess, at lunchtime and after school while students are leaving the school grounds. Direct teacher supervision is provided from 8:15 a.m. in a specified area before the start of school.

Suspensions

Severe unexpected behaviour may result in suspension from school. However, part of this process ensures further support and case management is delivered to increase expected behaviours in students, and those

Positive Behaviour POLICY and PROCEDURES

Connected • Engaged • Successful

with complex needs. When students return to school after a suspension, they should participate in a process that encourages them to take recognise their unexpected behaviour and to continue to work with staff to strengthen their self-regulation.

Good Standing

At Hillarys Primary School, all students commence they year with good standing by exhibiting behaviours that align with the school's values and beliefs as articulated in the Positive Behaviour Policy and Positive Behaviour Matrix.

Loss of good standing occurs after a suspension or series of behaviours that breach the behaviour policy and matrix.

These behaviours may include, but are not limited to:

- In school or out of school suspension
- Bullying (including cyberbullying)
- Inappropriate use of technology
- Being referred to the office or losing reward play for poor classroom and/or playground behaviour more than 3 times in a term
- Any other severe breach of our values.

Students who breach the behaviour policy and matrix will:

- Have privileges removed, including participating in interschool sporting events, extra-curricular activities, and graduation activities.
- Have a discussion with the student and/or their parent/carer to highlight the issues that led to the loss of good standing.

Re-instatement of Good Standing will occur:

- after the development of an individual behaviour plan focusing on the identified areas for improvement citing strategies, milestones, and desired outcomes, or
- after such period as decided by the Principal.

Individual Difference

The Good Standard Policy is provided to maintain consistency in our decision-making process. It is important to note that other factors will be considered when making the decision to revoke Good Standing, including if:

1. There are extenuating circumstances
2. A student has complex needs
3. There was a significant period of positive behaviour since the previous negative behaviours

COMMUNICATING TO PARENTS ON STUDENTS' BEHAVIOUR

The involvement of parents in supporting positive student behaviour is vital. Regular positive communication with parents and carers, rather than only when their child demonstrates unexpected behaviour, helps build this support base. Any student who is involved the restorative process and completes a reflection sheet will have the opportunity to discuss this personal reflection at home with their parent/carer.

Positive student behaviour is acknowledged by:

- Verbal encouragement by school staff to students individually, in classes, and cohorts.
- Merit Awards
- Values Certificates
- Special recognition
- Emails and phone calls to parents from teachers
- Reward Play of 10 minutes extra play time during the week. If a child misses out on three Reward Plays within a term, an additional loss of break time for a reflection and counselling will follow

Parent Acknowledgement of Behaviour Concern Notification

Dear Parent/Carer,

Our school has agreed to inform parents when there is a significant breach of the school’s Code of Behaviour. With each consequence, there is time for reflection and the chance to decide to make better behavioural choices.

Please discuss these issues with your child before signing and returning this acknowledgement slip to me tomorrow.

Please contact me if you would like any further information or discussion.

Thank you for your support,

Signature: _____

I have read and discussed the contents of the above notification with my child,
